

# SUNWEST CHARTER CARD

Sunwest Aviation's Charter Card program is designed for individuals and corporations who expect the most out of their travel investment.

Compared to competitive Jet Cards and Fractional Ownership programs, the Sunwest Charter Card offers you a simple, cost effective and flexible option and your satisfaction is guaranteed. With over 40 aircraft of every category in our fleet, Sunwest's reputation as the Western Canadian leader in aviation will bring you and your business unparalleled performance and service.

# HOW THE CHARTER CARD WORKS

As a Platinum, Gold, or Silver Card holder, you pay an annual deposit towards your chartered flights for the year. Flight costs are then deducted from your deposit at a discounted rate corresponding to the membership level chosen. Sunwest's discounted mileage-based rate is set on the day of your membership purchase.

# SUNWEST CLASS TRAVEL

## NO MINIMUM HOURS

Unlike competitive Jet Cards and Fractional Ownership programs, Sunwest does not hold its Charter Card holders to annual hourly usage guarantees. If you haven't used all your deposit by the end of the year, we can deduct the balance from your membership fee for the following year or we can refund the balance (less the difference of our charter rates and your discounted rates for the flights you have actually flown).

## YOUR CHOICE OF AIRCRAFT

You can choose from any category within our diverse fleet of over 40 aircraft. Our flight coordinators are trained to assist you in selecting the appropriate aircraft for your mission.

## FULLY TRANSFERABLE

Your card can be used by anyone you nominate during the term of your Sunwest Charter Card agreement.

## CONCIERGE SERVICE

Your journey is about more than the flight. If required, your flight coordinator can assist you with ground transportation, hotels, and much more. Card holders are entitled to our valet parking services. Just pull up front of our private flight lounge, leave your keys, and we'll take care of the rest.

## EASY BOOKING

Sunwest operates on your schedule. Your private fleet is on-call 24 / 7, 365 days a year to accommodate travel needs. During regular business hours, your personal flight coordinator will handle all your travel arrangements. After hours, our Flight Operations Centre will arrange your travel plans.

## IN-FLIGHT SERVICE

Sunwest can arrange catering to suit any taste. We'll arrange everything for you, from menu options to wine selection.

## SATISFACTION GUARANTEED

If you are not completely satisfied with your Sunwest travel experience, Sunwest will refund the balance of your Charter Card fee at any point during the term with no penalty.

## COMMITTED TO SAFETY

Safety is our first priority in every aspect of our operations. Safety shapes how we do business and who we employ. Our experienced pilots, rigorous training programs and modern aircraft continue to exceed the safety standards for our industry. We are the first Canadian operator to receive the prestigious ARGUS Platinum rating, ranking us as one of the top business aircraft operators globally.
