

DASH 8 - 200/300

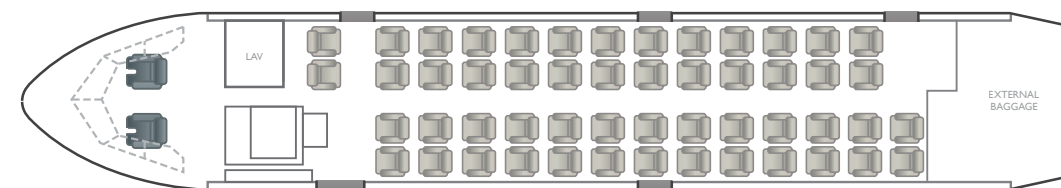

DASH 8 - 200/300

The Dash 8 is one of the world's quietest Turboprops. It offers a comfortable stand up cabin with airline style seating including recline, armrests, tray tables, and overhead storage. Each aircraft has an enclosed lavatory as well as a full galley, including flight attendant service. It is an excellent short field performer and is ideal for smaller airports that jet aircraft cannot often serve.
